completó con éxito el programa especializado en línea sin créditos

Decentralized Finance (DeFi) for Everyone

This series analyzed how to participate in a decentralized financial (DeFi) cryptocurrency system. We covered the essential foundations of the DeFi system, explored digital assets, and delved into decentralized exchange protocols and platforms in our three-course series. Course completers participated on a testnet system & engaged with a nontraditional financial system in an experimental capacity.

Bina Ramamurthy
Professor of Teaching
Computer Science and
Engineering

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
